Amaze Your Family & Friends With These Fun Tricks

The Rubber Pencil Trick

1. Lightly hold a pencil or pen as in the top illustration.
2. Smoothly shake your hand up and down.
3. It looks like the pencil is bending as if it is made of rubber!

Money From Nowhere

Hide rolled up bills in crook of left elbow under shirt or jacket fabric.

Secretly steal bills while pulling up sleeve and bring hands together.

Unroll bills and display by spreading.

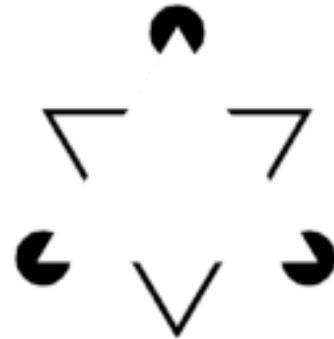

Hole Through Hand Illusion

1. Roll a piece of paper into a tube.
2. Hold the tube in your right hand. Place it up to your right eye. See illustration.
3. Hold left hand with palm facing you against the tube about half way down the tube. See illustration.
4. Look through both eyes at the same time.
5. You will see the optical illusion of a hole through your hand.

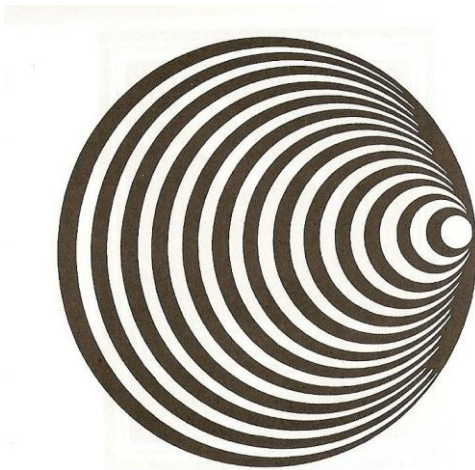

These Optical Illusions Will Fool Your Eyes!

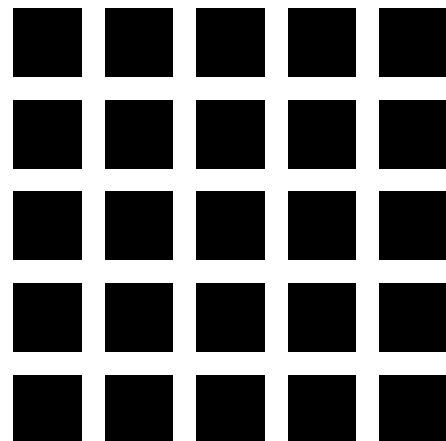

This says 'Fantasy'. What does it say when you turn it upside down?

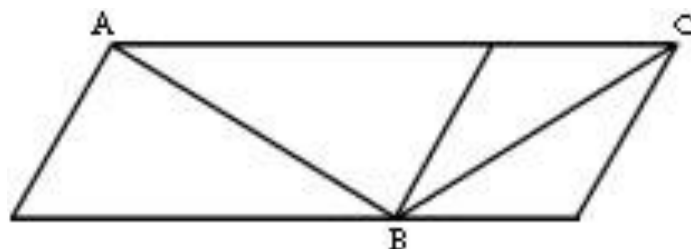

Do you see the image of a white triangle?

Do you see a tunnel or a mountain or both?

Do you see gray dots in between the black squares?

Is line AB really longer than line BC?

The Amazing Money Bags Trick

What The Audience Sees

The performer arranges three pieces of a drawing showing 7 moneybags. The pieces are rearranged and now there are 8 moneybags. A change in perspective produced an increase in money!

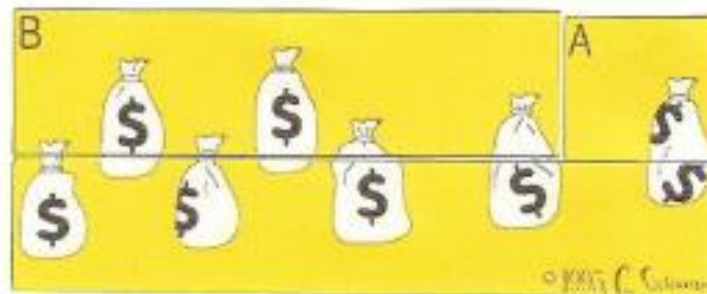

Preparation

- Print out the drawing below and carefully cut out the three pieces as indicated by the lines.

How To Perform

- To show 7 moneybags arrange the pieces as indicated below.

- To show 8 moneybags switch the position of the top two pieces (A & B).
- If you want to make a moneybag disappear switch the position of the top two pieces (A & B) again.
